Availability list for 22 - 26 May (Week 21) 2017

Despite the promises of mega storms, we did not see too much rain at The Green Gallery. A quiet week for sales as it always is after Mother's Day, but now that autumn is here, it's time to get busy again! :)

The season really has turned from summer to autumn and we have heaps of different crops on the menu this week that just love the season!

Think - Osteospermums, Argyanthemus, Bacopas, Shasta Daisies, Lavenders, Lobelias, Nemesias, Diascias and so on! Needless to say everything is looking fresh and top quality.

We look forward to taking your order! :)

ORDERING: Please ensure that your orders are in by Monday 2PM for delivery that same week. Pick-ups require at least 24 hours notice to make sure that we have enough time to pick your stock.

Order (trays)	Genus	Variety	Colours	Foliage Meter	Bud Meter	Flower Meter	Approx. Size	Description/Comment
100mm Pots. 20 pots per tray (Minimum 10 per Colour per Variety. Order must be for full trays) (# = limited numbers)
